My name is Caroline, and I am a native French speaker, from Paris. I am a fully qualified and experienced French teacher, with a real passion for teaching and languages.

In 2016, I founded *Rendez-vous français*, a school of French located in Navan town centre. We offer classes for children from 3 years old in our own school, as well as in pre-schools and primary schools.

MY QUALIFICATIONS

I hold a Master's Degree in Teaching French as a Foreign Language, from the Université de la Sorbonne Nouvelle (Paris). I have studied pedagogy, didactics and specialised in early foreign language teaching,

About us

Our pedagogy

We offer French classes for **children aged from 3 to 11 years old**, with no or very little knowledge of French.

French will be introduced through varied and stimulating activities, such as storytelling, songs, art and crafts, role-plays, mimes, board games, or even baking!

While vocabulary is important, we also aim to give children the communicative skills that will enable them to express themselves in French.

Most importantly, we want children to be active in their learning process, to discover the sounds of a new language and to become familiar with a different culture to open their mind to the world.

Benefits of early language learning

Studies have shown that the brain of a young child has several areas active in a language acquisition, a capacity that is significantly diminished as they grow older.

They can learn a language accent-free, while teenagers and adults will almost never learn to speak a foreign language without an accent.

Children
are
sponges

Improves
their brain
development

Better language skills,
Improved reading / writing in English,
Better problem-solving skills,
Better flexibility of mind,
Enhanced memory,
Better multi-tasking abilities

Exposure to a foreign language at a young age relates to a more open and diverse worldview later in life. It increases their cultural awareness of others.

A window
to another
culture

Benefits
Later
in Life

French Junior Cert and Leaving Cert exams will be easier for them.
They will get more jobs opportunities and career benefits.

Get in touch with us!

Because offering a French introduction in your school would be a big plus, together we will find the best arrangements to develop this project.

Whether you are looking for sessions with the youngest ones in the mornings, or for after-school sessions, we have something to offer you!
